To Whom It May Concern:

“The entire SHI sales team was delighted to be in the company of Derek Daly. He not only had a great message, but he also exhibited just how important it is to be a great ‘messenger’! He helped enhance our own unique culture of extraordinary people.

Our growth journey is to believe that our own abilities can still be developed – but we can only do that by stepping out of our current comfort zone. Derek’s inspirational words reinforced our team’s mindset that they are on their way to reaching higher levels of career potential and achieving more than ever before.”
