To Whom it May Concern:

Derek Daly was a tremendous guest speaker at our recent Montreal Associate Conference. He brought to life the concept of what it takes to be a winning team, and the passion to win, garnered from his successful racing career and life experiences.

Derek's concepts are brought forward with credibility and with a great sense of humor. Feedback from the audience was extremely positive and his segment on our meeting agenda was thoroughly valued and enjoyed by all meeting participants.

Regards,

Tom Lawson
