

**University Mechanical**  
**& Engineering Contractors**  
**An EMCOR Company**

To Whom It May Concern:

Derek's presentation aligned perfectly with our company message. Derek seamlessly demonstrated the key elements through his racing experiences and lessons learned.

- Hunger to be the best
- Be the best prepared,
- Be the most innovative,
- Be Courageous
- Attention to detail
- Trust & Teamwork

We are very happy with the overall results of Derek's presentation which was received wholeheartedly by our team.

Derek was prepared and extremely easy to work with. As I think back to last Friday, it felt as if Derek was a part of our team, he engages and commits, and it shows.

Thank you very much.
